Henderson, Nevada 89014

Dear Barry,

Thank you for the follow-up today. I wanted to take the time to let you know that the Smartender system you installed is working great. We expect the Smartender to pay for itself in less than one year. Your install team and the support your company has provided us here in Oklahoma has been exceptional. Your systems folks worked hand in hand with our team here at Rock & Brews Casino Braman.

The quality of the cocktails that the Smartender pours is excellent, and our customers seem happy. The speed and ease of use has been well received by our servers as they can serve more drinks in a shorter time.

Overall, I just wanted to let you know that we are very pleased with the decision to place the Smartender in our property. I hope to add more of them as our business expands.

Regards

Bruce McClure  
General Manager  
Rock And Brews Casino Braman
